THE BRIDGE BUILDER by Will Allen Dromgoole

An old man, going a lone highway,
Came at the evening, cold and gray,
To a chasm, vast and deep and wide,
Through which was flowing a sullen tide.
The old man crossed in the twilight dim—
That sullen stream had no fears for him;
But he turned, when he reached the other side,
And built a bridge to span the tide.

"Old man," said a fellow pilgrim near,
"You are wasting strength in building here.
Your journey will end with the ending day;
You never again must pass this way.
You have crossed the chasm, deep and wide,
Why build you the bridge at the eventide?"

The builder lifted his old grey head.
"Good friend, in the path I have come," he said,
"There followeth after me today
A youth whose feet must pass this way.
This chasm that has been naught to me
To that fair-haired youth may a pitfall be.
He, too, must cross in the twilight dim;
Good friend, I am building the bridge for him."

Staff Utilizes Many Hours Preparing Yearbook

The Viking Staff of 1968-69 really enjoyed preparing this yearbook for the student body.

Members of the Staff worked hard at various jobs, including soliciting for patrons, taking photographs, cutting pictures and drawing layouts.

The Staff is pleased with the 1968-69 VIKING and hopes that the students, especially the Seniors, enjoy it too.

This year the G.A.A. took on a new look. Under the direction of Miss Susan Scharnweber, the G.A.A. was divided into three clubs—Dance Club, Swim Club, and Sports Club. Each had activities of its own, and the G.A.A. also did things as one big group.

On November 19, the whole G.A.A. put on the annual football banquet. During the week of December 9, the members of the G.A.A. participated in Angel Week, which was concluded on December 17 with the Christmas Party.

The Swim Club performed for the public in the spring. The theme of the program was "color."

The Sports Club started the year by playing St. Clair in a flag football game on November 4 in a hard-fought battle that ended in a 6-6 tie. On February 13, the Sports Club traveled to Marine City for Sports Day.

The Dance Club made its debut on December 17 at the G.A.A. Christmas Party. In the spring, the Dance Club put on a show for the public.

This year Marysville's FTA changed its name to the Future Educators of Tomorrow.

The purpose of The Future Educators of Tomorrow is to explore the teaching profession, and at the same time develop an understanding of it.

Marysville has had this organization for the past twelve years. Many of the students who belonged to it have either become teachers or are preparing for it.

This year the Future Educators spent a day at Michigan State University, where they heard lectures on different levels of teaching.

Cadet Teachers

Prepare for Tomorrow

Cadet teaching is a program through which students are able to realize a greater understanding of the field of teaching.

The purpose of the Cadet Teacher Program is to give interested students information and experience in teaching.

There are few requirements to become a cadet teacher: (1) The interested student must be in his Senior year of high school. (2) He must maintain a "C" average. (3) He has to have been a member of the Future Educators of Tomorrow for at least one year.

The Cadet Teacher Program requires the cadet to teach at least one hour a day, for one to two semesters. He can also help individual students with any difficulties they might have.

The Cadet Teacher Program in Marysville was started in 1958. Since then there have been more than 50 Cadet Teachers.

Library Service Opens a World of Books

Linda Neal, Kaylene Keener, and Diane Seaton offer their services.

Our library is more than just a bunch of shelves with books on them. It contains encyclopedias, newspapers, magazines, and many other reference books. Our library also has filmstrips, records, vocational and information files. We are fortunate to have such a modern and well-equipped library.

The Library Service Club girls are very vital to Marysville High School. They aid the students and teachers in various ways. Some of the girls' responsibilities are to check out books, to collect fines, to take care of back magazines, and to shelve books.

They Traveled the World Over

Joanne Bier represented Marysville in Hyvinkää, Finland, this past summer. She lived with her "parents," Mr. and Mrs. Jussi Peltola, and "sisters" — Eeva, 16 and Ansu, 15.

While she was in Finland, Joanne went twice to her family's cottage that was one kilometer from the Russian border, and to a Finnish wedding. With her family, she also took a circle trip around Finland.

"I can hardly wait to return to Finland," Joanne commented, "because the people there are so friendly and kind."

This year, Lise-Lotte Henriksen lived with Pat and Ron Kukulka and family. Lotte comes from Vindeholme, Denmark, a town of 16 people.

While she has been in America, she has joined Future Educators, Ski Club, Swim Club, and has helped with Brownie Troop No. 2. Lotte feels that school is so much more interesting here than in Denmark.

In five or six years, after she finishes her education, Lotte hopes to return to America either to get a job or for a vacation.

Roberto Coutinho, Brazil; Iván Ruiz, Chile; Carlos Villagra, Paraguay.

Roberto Coutinho's home is in Rio de Janeiro, Brazil. While in America, Roberto lived with Mike and Pat McCarthy and their family. Roberto is the son of Fláveio Coutinho and Mariazinha.

In Brazil, Roberto attended a private school where he studied many different subjects. Although sports are played in Brazil, they don't have interscholastic competition.

Even though everything is so new to him, Roberto enjoys America very much.

Sergio Iván Ruiz, the son of Mr. and Mrs. Federico Ruiz, came to Marysville from Los Andes, Chile. Mike and Pat Laeder and their family have welcomed Iván into their home for the second semester.

Ivan has already completed his high school education and has been accepted by the University of Chile. He will enroll there this fall.

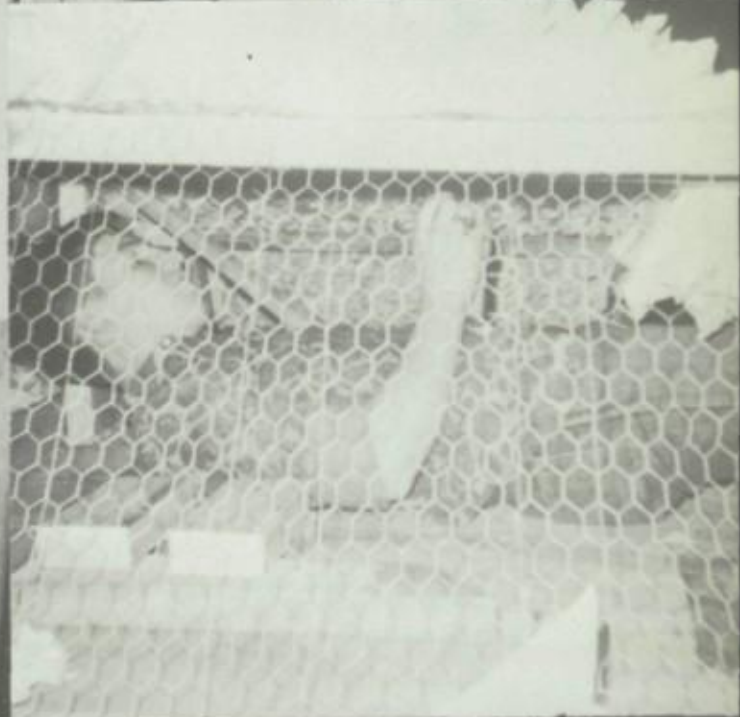

Iván remarked that he liked the comfortable homes best in America.

Carlos Villagra, son of Mr. and Mrs. Carlos Villagra spent the second semester with Paul McNichol and his family. Carlos comes to us from Asunción, Paraguay.

Carlos attended a private school in Asunción from March to November. While he has been in high school, he has taken anywhere from nine to eleven subjects in a year, including English and German.

Until he arrived here, Carlos had never seen snow. He likes America very much but the girls most of all.
